Minneapolis, Minnesota

Taiwan Symposium  
December 6-8, 2013  
Taipei

23<sup>rd</sup> Annual Conference  
July 2014  
San José, Costa Rica

## CONFERENCES AND SYMPOSIA

The **World History Association's** annual conference offers a variety of panels, round tables, and plenary lectures that address current academic and pedagogical concerns and discoveries, as well as social events that provide interchange and networking on professional and personal levels.

The WHA is committed to holding its conference outside of the USA every third year. In addition to sponsoring panels and a presence at the annual AHA meeting, the WHA has embarked on a program of co-sponsoring academic symposia, the next one to be held in Fremantle, Perth, Australia, from October 3-5, 2013.

# THE WORLD HISTORY ASSOCIATION

**The World History Association is a community of scholars, teachers, and students who are passionately committed to the study of the history of the human community across regional, cultural, and political boundaries.**

Members of the **World History Association** have helped develop individual state standards in world history and the new rapidly growing AP world history program. Further, the WHA offers a wide variety of media and meetings that are intended to unite researchers, teachers, and students into a single community.

Now more than ever in the global village of the twenty-first century, world historians and teachers need to be members of the most exciting and collegial association in the entire discipline.

Developing an understanding of and appreciation for different traditions across the globe and for cross-cultural interactions throughout history is necessary for one's full and informed involvement in the globalized world of the 21st century. Join today and experience the many benefits that membership in the World History Association has to offer.

## BENEFITS OF MEMBERSHIP

- Subscriptions to WHA publications: the award-winning quarterly, the *Journal of World History*, and the semi-annual *World History Bulletin*.
- Opportunities to share and develop curricula for all levels.
- Diverse membership: university, collegiate, community college and K-12 faculty, as well as independent scholars and students.
- Deeply discounted registration fees at the annual conferences and symposia.
- Eligibility to stand for office and to help guide the leading organization in the field.
- Active regional affiliates.
- Unparalleled regional and global networking and collaboration.
